Explanations	

Brisa has once again been recognized by the Carbon Disclosure Project (CDP), one of the most prestigious environmental reporting platforms. In CDP's 2025 assessment, our Company was included in the Global A List for the fourth consecutive year in the "Climate Change" category and for the third consecutive year in the "Water Security" category.

Our Company remains steadfast in advancing along its decarbonization roadmap and continues to transform its operations in line with science-based targets. Through practices that safeguard natural resources and a sustainable supply chain approach, Brisa is committed to reducing its own impact while fostering a stronger transformation together with its business partners.

(In case of a discrepancy between the Turkish and the English versions of this disclosure, the Turkish version shall prevail.)

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
